

Wainuiomata (Homedale) Community Response Plan

This is a living document that contains a list of information created by your community, for your community. It outlines the local resources, facilities, and people that can help in an emergency.

Sharing this information will help everyone in the community understand how to support one another when it matters most.

Facility map

Wainuiomata Primary, 1 Homedale Road, Wainuiomata

Please respect this facility and the contents inside. This is a privately owned property that has been offered to the community for disaster response.

Coordinate with neighbouring Community Emergency Hubs

Local resources can be shared with nearby communities, so communicate with your neighbouring hubs to work out the most efficient use of the available resources.

Document overview

The local resources and ideas outlined in this document were identified during community planning workshops. These were grouped into the categories listed below:

- > Local resources
- > Local vulnerabilities
- > Checking on who and what has been affected
- > Medical assistance
- > Shelter
- > Water
- > Food
- > Animal Welfare
- > *For Sanitation refer to Section 5 in the Hub Guide*

Community Response Plan and Emergency Hub Guide

This Community Response Plan works alongside the Community Emergency Hub Guide. The Hub Guide provides guidance on how your community can organise and support one another during an emergency. Use the Hub Guide and your Community Response Plan together to organise your community response. You will find

the Hub Guide in the Hub kit along with Hub role lanyards, stationery, a map, an AM/FM radio, and a VHF radio.

Responding as a community

Your community has all the skills, resources, local knowledge and relationships to support one another during an emergency. You can utilise these by working together at your local Community Emergency Hub. Use this document as a starting point for solutions to community needs and your response as a community.

If you are opening a Hub it might pay to think about bringing some basics, such as:

- | | |
|------------------|----------------------|
| > First aid kits | > Tea, coffee, milk |
| > Blankets | > Food |
| > Torches | > Toilet paper |
| > Batteries | > Buckets |
| > Radio | > Rubbish bags |
| > Water | > BBQ/camping cooker |

Your Local Council

During a major emergency, your local council will coordinate the response from their Emergency Operations Centre. An Emergency Assistance Centre may also be set up to provide access to government and council support services.

Local resources

Your community has identified the following local resources that could be useful for various purposes during an emergency.

Ensure you have permission from the facility or resource owner before using.

Places and spaces

- > Life City Church
- > Wainuiomata Hub (library)
- > Wainuiomata Marae

Schools

- > Arakura School
- > Fernlea School
- > Konini Primary School
- > Pukeatua School

- > St Claudine Thevenet School
- > Wainuiomata High School
- > Wainuiomata Intermediate
- > Wainuiomata Primary School

- > Brookfield's Camp - 562 Moores Valley Rd
- > Camp Wainui - 203 Coast Rd
- > Cricket Club - Fitzherbert Road
- > Croquet Club - Bryan Heath Annex, Heath St
- > Frederick Wise Park
- > Harry Todd Recreation Reserve
- > Leonard Wood Park
- > Rotary Park
- > Tennis Club - 141 Main Rd
- > Wainuiomata Rugby Club
- > Wainuiomata Rugby League Club - 1 Fitzherbert Rd
- > Wainuiomata Scenic Reserve

Groups and networks of people

- > Community Patrol

- > Wahaioranga o te Iwi Health Centre – The Strand
- > Wainuiomata Marae
- > Wainuiomata Rural Fire

Infrastructure

- > BP Wainuiomata
- > Caltex Wainuiomata
- > Substation next to Wahaioranga

Local vulnerabilities

Your community has identified the following potential vulnerabilities. These may need further attention or assistance.

Places and spaces

- > Some areas may experience liquefaction
- > Many roads and steep properties will experience land slides
- > Shop awnings in the shopping areas

Groups and networks of people

- > Rimutaka Forest park visitors

Early Childhood Centres

- > Arakura Kindergarten
- > Barnardos KidStart Childcare
- > Jack and Jill Early Learning Centres
- > Parkway Kindergarten

- > Pencarrow Kindergarten
- > Pukeatua Childcare Centre
- > Pukeatua Kindergarten
- > Sun Valley Kindergarten
- > Te Atiawanui tonu Te Kohanga Reo
- > Te Kōhanga Reo o Te gahere o Te Rangimārie
- > Te Kōhanga Reo o Te Hono ki Kōkiri
- > Te Kōhanga Reo o Upoko A Urunga
- > Wainuiomata Early Learning Centre
- > Wainuiomata Playcentre
- > Woodhatton Playcentre

Services in the community

- >
- >
- >
- >
- >
- >
- >
- >
- >

Infrastructure

- > Wainuiomata Hill road could have slips which could isolate Wainuiomata

- > Likely to be cut off from Lower Hutt.

All services likely to be disrupted for many weeks

- Electricity

- Water supply

- Gas supply

- Sewerage

- Storm water

- Telecommunications

- Internet

- Banking and eftpos

Checking on people and damage

Everyone in the community is checked on after an emergency – whether it's for rescue and medical assistance, or just basic support and information.

- > Contact everyone in the community as soon as possible.
- > Record and report information on people and damage back to the Hub.
- > Regularly check everyone in the days following the event as people's circumstances may change.

How can you make sure that everywhere has been checked?

- Start with known affected areas or groups that might need extra assistance.
- Draw upon any local lists and knowledge.
- Coordinate a street-by-street, house-by-house check. Use the area maps in the hub.
- Record any information on the impact to the community. For example, status of roads, building damage, and peoples unresolved needs.

Report the information back to the Information Coordination person at the Hub.

Staying in contact with people as outlined in task one should be done frequently, as peoples circumstances can change after an event.

If you can't give someone immediate assistance, collect information about their needs and bring that back to the Hub. See if you can find an answer to their needs with the resources available in your community.

What groups could be available to walk around the community to check on people and look for damage?

- > Community Patrol
- > Local volunteers
- > Maori Wardens
- > Neighbourhood Support
- > Scouts/guides
- > Sport club groups

-
- > St Johns Youth group

Where should we check first?

1. Self – 2. Home – 3. Neighbours – 4. Street – 5. Then at the hub check on these priority groups

- > Care Vets
- > Early Childhood Centres
- > Elderly neighbours, people with disabilities, or those who speak little English
- > Grey Power contacts
- > Hutt City Health Centre
- > Medical Centres
- > Schools
- > Whai Oranga health centre

How would we coordinate this?

1. Assess – commission teams to assess in priority order to needs and resources available and then broker people's needs with available resources.
2. Scope – define needs and resources
3. Prioritise – needs with resources
4. Meet – needs with resources
5. Review – that needs are being met
6. The Hub can set up street maps and coordinate searches, or checks by door knocks

>

-
- > Designate person from each street to report to their closest Community Emergency Hub
 - > Google maps
 - > Neighbourhood support groups Organise a street-by-street check
 - > Neighbourly
 - > Through Nui FM
 - > Use Hub map to coordinate what has been checked
 - > Use online tools if available

Medical Assistance

Community members who need medical assistance are directed to medical assistance.

- > Identify and coordinate community resources that can be used to assist and treat the injured.
- > Identify and check on people with day-to-day medical needs.
- > Direct the community to medical providers that are known to be open.
- > Identify and coordinate people in the community with medical skills who can help.

In all life-threatening situations, attempt to contact the emergency services by calling 111.

Injured and sick people should go to the nearest open medical centre first.

People with first aid skills should go to their nearest open medical centre or go to the Hub.

Check on your neighbours and people who may need extra help.

Look after your hygiene – wear gloves when touching body fluids.

Find out if the local medical providers are open and operational so that you can let the community know where to go.

Coordinate transportation for those who are in need and cannot get to the medical centre.

Where are the nearest medical providers?

- > Hutt City Medical Centre - Fitzherbert Rd
- > Rongoa Maori Clinic
- > Rongoa Maori Clinic - Fitzherbert Rd/Parkway Extension
- > Wahaioranga o te Iwi Health Centre – The Strand
- > Wainuiomata Marae Health Clinic

Where else could we provide medical assistance if the above facilities are not available?

- > Care Vets
- > Churches
- > Schools
- > Wainuiomata Marae

Who can help provide medical assistance?

- > Doctors and Nurses in the community
- > People with First Aid certificates
- > Pharmacy staff

How do we get people to medical assistance or medical assistance to people?

- > Liaise with Medical Centre and vulnerable people to check on
- > Use vehicles to transport to the nearest medical centre

Where can we get extra supplies?

- > First aid kits in businesses, houses and vehicles
- > Pharmacies
- > Supermarket

Where are there Defibrillators?

- > Bowling Club (Moohan St)
- > Brookfields Scout Camp
- > Camp Wainui
- > Fire Station
- > Library
- > Life City Church

Shelter

Ensure everyone in our community has somewhere safe and comfortable to stay.

- > Find places where people can shelter from the weather if they can't stay at home.
- > Find comfortable places where people can rest and sleep.

Small repairs may make homes safe enough to stay in.

If people need to leave their homes, encourage them to take as much bedding as possible.

Encourage people to stay with friends and family if possible. Ask neighbours or others in their street if they have a spare room.

People in the community may have spare beds, air mattresses, and couches available to offer people without a place to stay.

Check gas and electricity supplies are safe to use. Turn gas off at the meter/main if unsure. Turn electricity off at mains/switchboard and water at the tap on the footpath. Leaks including water, should be investigated.

Many people will be able to stay in their own homes, and this is ideal as people are much more comfortable in a home environment. Are there simple repairs that could be done to make a home safe enough for people to stay there.

You may have visitors to your community who don't live locally – commuters, shoppers, employees etc. These are the people most likely to need accommodation in your community.

Encourage people to make their spare beds and guest rooms available.

Don't wait for the perfect solution, shelter from the weather is a priority over comfort. Bad weather means the need for shelter is much more urgent than on a warm, sunny day.

Tell the Emergency Operations Centre (through the Communication desk) the number of people who need accommodation.

Who could help make people's homes safe, weatherproof, and comfortable?

- > Community volunteers
- > Handy people/DIYers
- > Local builders, plumbers, electricians, roofers and other tradespersons

Where can we get resources to make repairs?

- > Donations
- > People's homes
- > Salvage from damaged buildings (ask first)
- > Supermarket

Where could we get bedding and clothing supplies to keep people warm and comfortable?

- > Homes
- > Marae
- > The Koha Shed

What open spaces could accommodate temporary shelter?

- > Brookfields
- > Bryan Heath Park
- > Camp Wainui
- > Encourage people to put up a tent in their own yards
- > Frederick Wise Park
- > Harry Todd Recreation Reserve
- > Leonard Wood Park
- > Mary Crowther Park
- > Old Wainuiomata College
- > Richard Prouse Park
- > Rotary Park

- > Wainuiomata Marae
- > Wainuiomata Rugby Club
- > Wainuiomata Scenic Reserve

What facilities could be used for temporary shelter if people can't stay at homes or with friends?

- > Brookfield's Camp - 562 Moores Valley Rd
- > Camp Wainui - 203 Coast Rd
- > Churches
- > Cricket Club - Fitzherbert Road
- > Croquet Club - Bryan Heath Annex, Heath St
- > Library
- > Memorial Hall
- > Neighbours
- > Parklands Motel
- > Rugby Football Club – Moohan St
- > School Hall
- > Tennis Club - 141 Main Rd
- > Wainuiomata Marae
- > Wainuiomata Rugby League Club - 1 Fitzherbert Rd

Water

Our community has access to clean water for drinking and water for cooking and hygiene purposes.

- > Ensure everyone knows how to treat drinking water.
- > Coordinate community water sources for drinking, cooking and hygiene.
- > Arrange a place in the community where water can be distributed if needed.

Water reservoirs are all around the region but automatically seal if lines are damaged. Technicians must manually attend to the valves. This will take time so look for other sources of water within the community right away.

Some schools and community centres have large water tanks installed. If there is one in your community check to see what their plan is for using the water.

Local streams and open bodies of water are not reliable sources of clean water. Chemical pollution and heavy metal contamination is not removed by boiling water or adding bleach.

Treat any non-bottled water. Boil it if you can, if not use bleach to treat.

BEST CHOICE: BOIL. Boiling water will kill most types of disease-causing organisms. If water is cloudy, filter it through a clean cloth. Boil water for one minute, let it cool, and store it in clean containers with covers.

IF YOU CAN'T BOIL: ADD BLEACH. Bleach will kill some (not all) types of disease-causing organisms. Just like boiling, filter cloudy water through a clean cloth first. Use only regular, unscented, liquid household bleach. Add two drops of bleach per litre of water. Stir well, let stand for 30 minutes before using, then store in clean containers with covers.

Where can we find drinking water?

- > Cafes, restaurants and shops
- > Council Reservoirs @ Gawler Grove
- > Council Reservoirs @ Parkway
- > Emergency Water tanks @ Arakura School
- > Emergency Water tanks @ Fernlea School
- > Emergency Water tanks @ Konini School
- > Emergency Water tanks @ Pukeatua School
- > Emergency Water tanks @ Wainuiomata School
- > Emergency Water tanks @ Whai Oranga Medical Centre (with spare manifold)

- > Home water cylinders
- > Home water tanks
- > Supermarket (Bottled supplies)
- > Wainuiomata Marae

How do we get water to people who are unable to leave their homes?

- > Carry in bottles, containers, buckets
- > Cars, bikes, scooters, motorbikes
- > Community Patrol
- > Organise drop offs to elderly, people with mobility challenges
- > Private trailers
- > Supermarket trolleys, wheelbarrows, buggies, strollers, wheelie bins
- > Use neighbourhood support groups
- > Volunteers walking or cycling around

Where can we find water for washing and cleaning?

- > School Pools
- > Sea water
- > Toilet cisterns
- > Wainuiomata River

What water supplies should be avoided or need treatment before drinking?

- > Do not drink pool water or sea water
- > Grey water
- > Pool water
- > River water should not be used for drinking water
- > Springs and waterfalls
- > Stagnant water
- > Stream water
- > Tank water

What places would be good distribution points?

- > Brookfields/ Camp Wainui for rural residents
- > Community Emergency Hubs
- > Homedale Village
- > Life City Church
- > Wainuiomata Community Hub area – Queen St
- > Wainuiomata Marae
- > Wise Park (Rugby League Club)

Food

People in our community have enough food to sustain them.

- > Organise a way to feed large groups of people who are displaced or do not have food of their own.
- > Coordinate food supplies in the community.

Assist with the coordination of food supplies in the community where necessary.

Encourage people to share food with those who don't have access to it.

Tell people to use foods in the refrigerator first, then those in the freezer, and finally dried goods from the pantry.

Pool community resources to feed everyone

- Street BBQs
- Have places where excess food can be coordinated from

What food suppliers and providers are there?

- > Butchers
- > Countdown (3 days-worth of food only)
- > Life City Foodbank
- > Poultry farms, Coast Rd
- > Queen St takeaway shops
- > Super Save & dairies

Where else could we find food?

- > Fishing
- > Fridges & freezers
- > Gardens
- > Homes and veggie gardens
- > Kai Bosh
- > Pantries

How could we organise to feed large groups of people?

- > Chefs from local restaurants
- > Community centre kitchens
- > Cooking facilities at the Marae and schools
- > Eat together, cook together
- > Hangi

- > Neighbourhoods have a potluck/BBQ using frozen goods and perishable items first (it is easier to cook as smaller neighbours than provide mass cooking)
- > Restaurant, cafe, church, school and clubroom kitchens
- > Set up a volunteer cooking/preparation site
- > Use perishable food first
- > Wainuiomata Memorial Hall
- > Work with the local caterers who are used to feeding large groups

Where can we get cooking and catering supplies?

- > Bakeries – Mall, Queen St
- > Camp Wainui - kitchen
- > Countdown
- > Four Square – Homedale
- > Household supplies
- > McDonalds
- > Queen St restaurants/ bakeries/ takeaways/ cafes

How do we get food to people who are unable to leave their homes?

- > Carry in boxes, containers, buckets
- > Cars, bikes, scooters, motorbikes
- > Community patrol
- > Meals on Wheels drivers
- > Neighbourhood support

- > Organise teams to distribute
- > Supermarket trolleys, wheelbarrows, buggies, strollers, wheelie bins
- > Volunteers walking or cycling around

Animal Welfare

Animals in our community have access to medical assistance, shelter, water, and food.

- > Identify and coordinate locations and people for medical assistance for animals
- > Identify locations for animal shelter
- > Identify potential sources of food and water
- > Keep a record of lost and found pets

What animal services are in the area? (e.g., veterinary clinics, animal control, shelters, stock agents, stock truck companies)

What facilities could be used for temporary shelter for animals?

Where could we find drinking water for animals?

Where could we find food for animals? (companion animals & production animals)
