

Paraparaumu East Community Response Plan

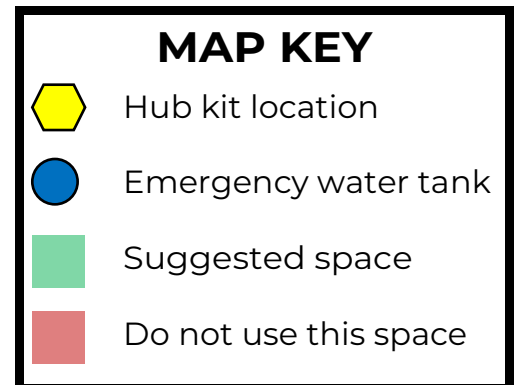

This is a living document that contains a list of information created by your community, for your community. It outlines the local resources, facilities, and people that can help in an emergency.

Sharing this information will help everyone in the community understand how to support one another when it matters most.

Facility map

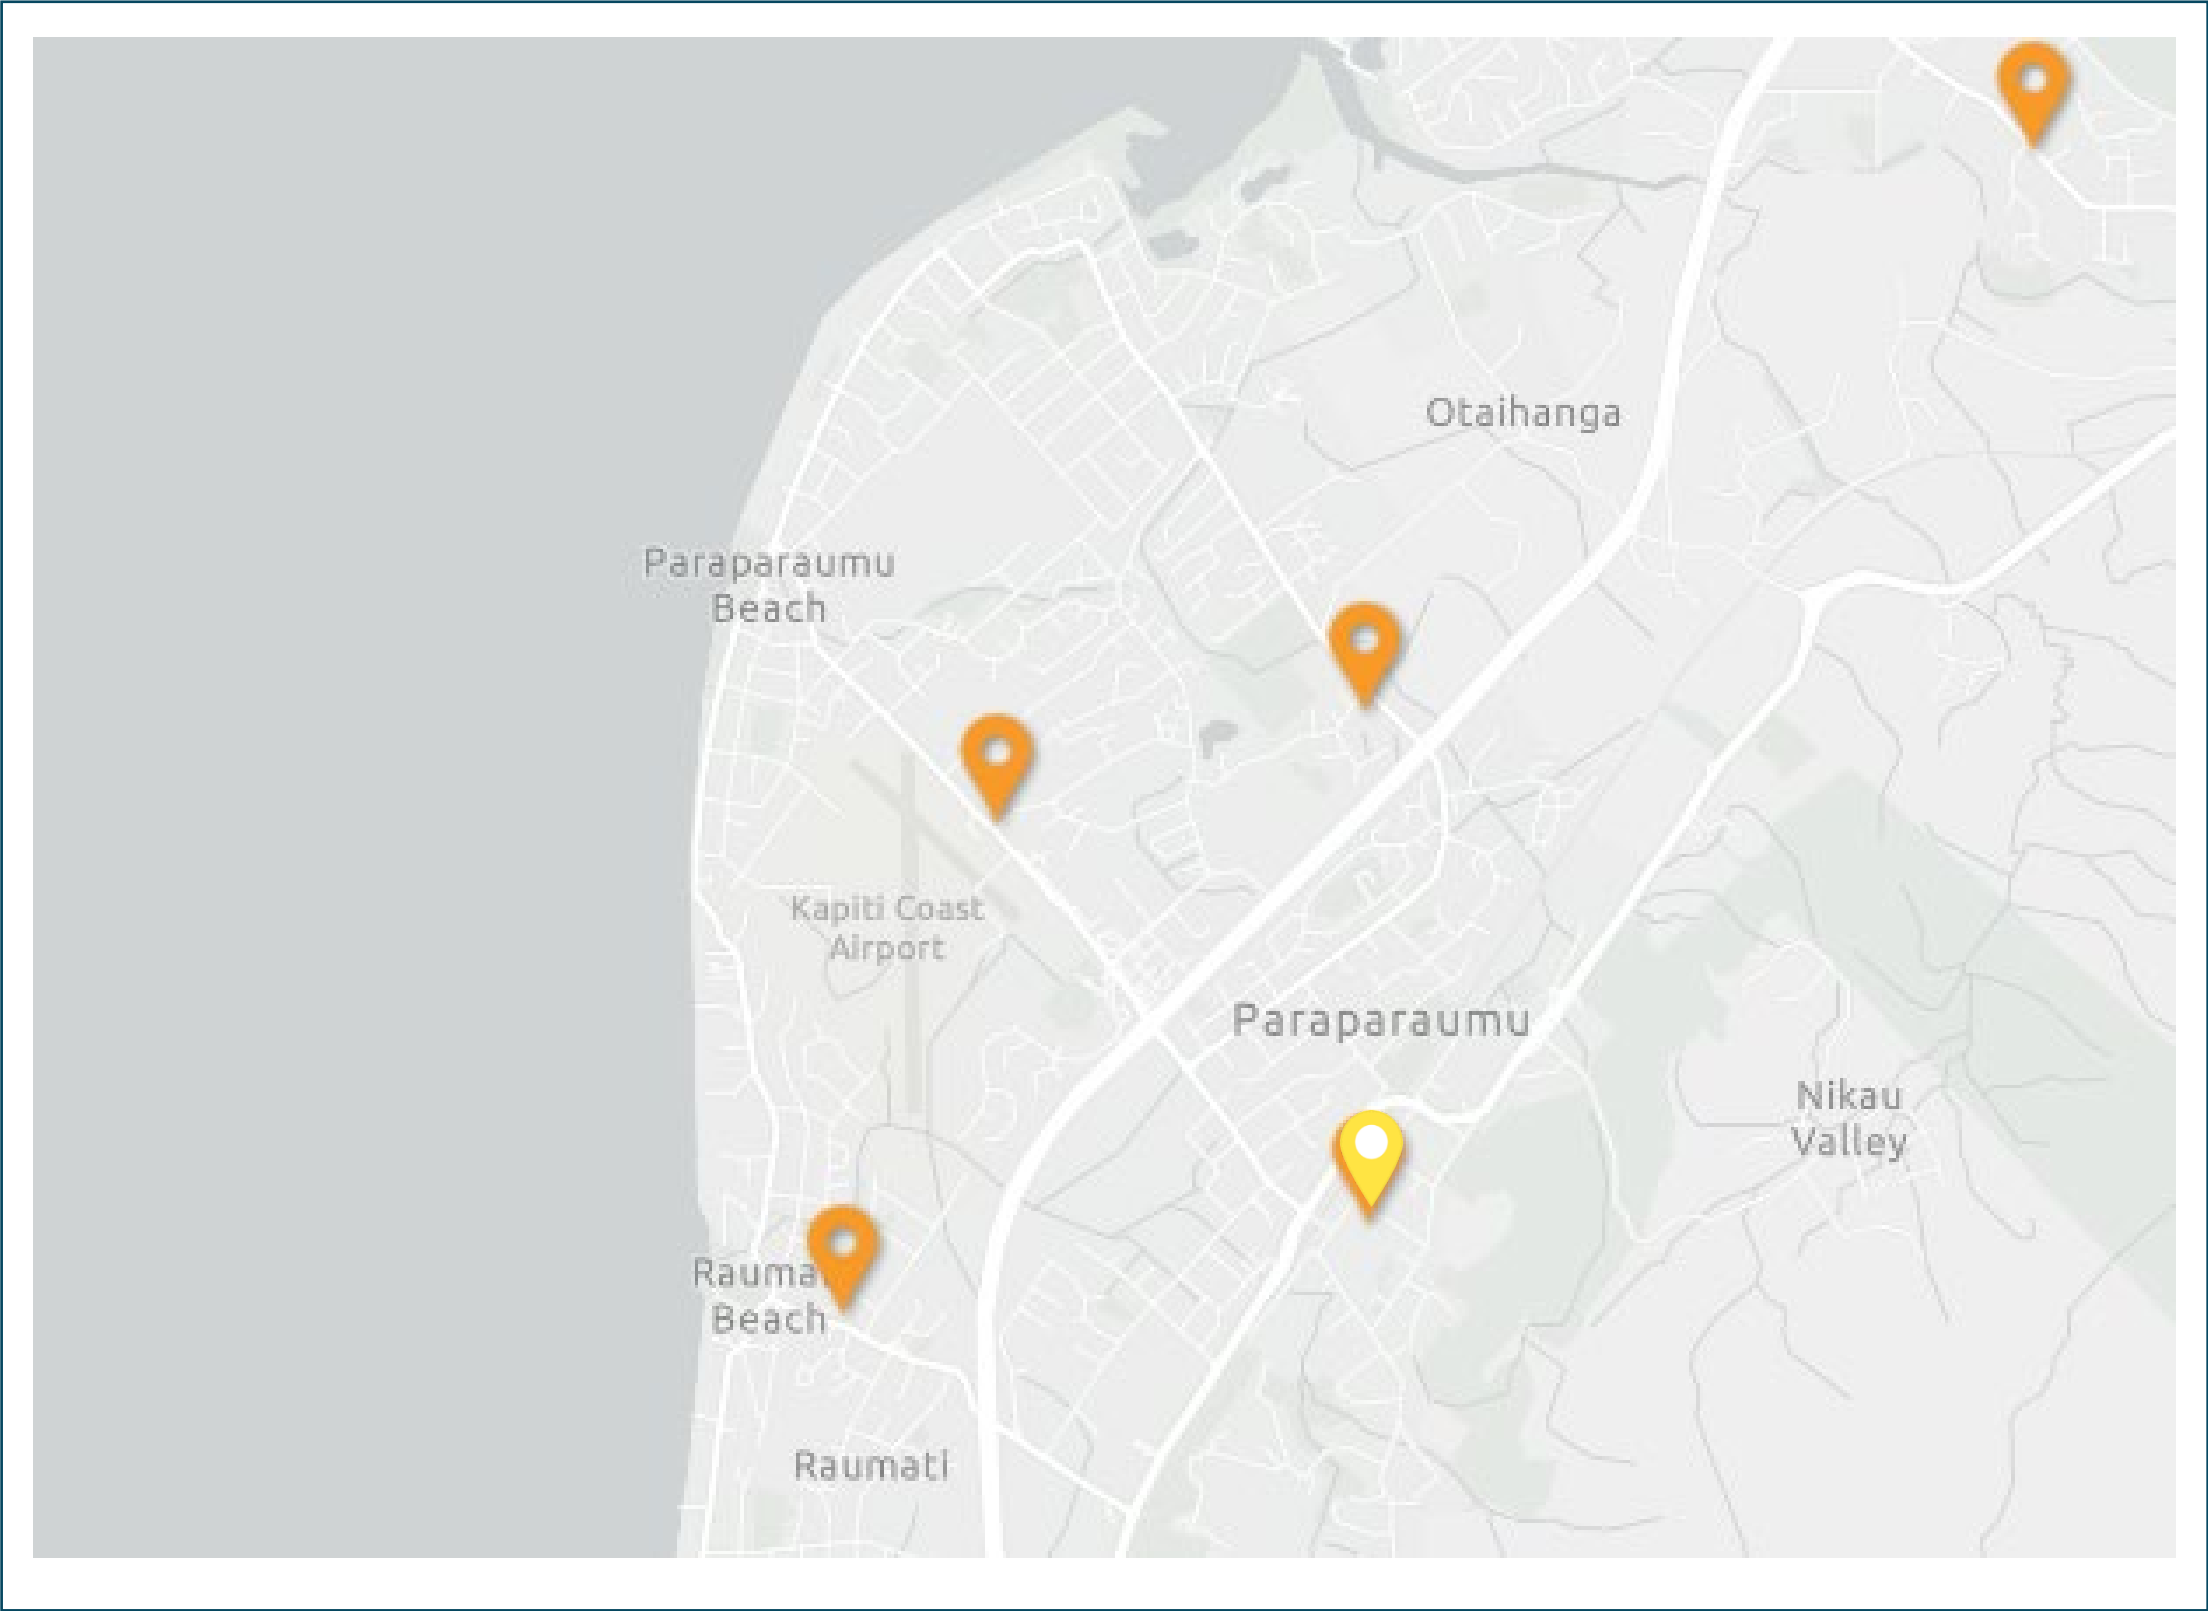

Kapiti Impact Hub, 6 Tonariro Street, Paraparaumu

Please respect this facility and the contents inside. This is a privately owned property that has been offered to the community for disaster response.

Coordinate with neighbouring Community Emergency Hubs

Local resources can be shared with nearby communities, so communicate with your neighbouring hubs to work out the most efficient use of the available resources.

Document overview

The local resources and ideas outlined in this document were identified during community planning workshops. These were grouped into the categories listed below:

- > Local resources
- > Local vulnerabilities
- > Checking on who and what has been affected
- > Medical assistance
- > Shelter
- > Water
- > Food
- > Animal Welfare
- > *For Sanitation refer to Section 5 in the Hub Guide*

Community Response Plan and Emergency Hub Guide

This Community Response Plan works alongside the Community Emergency Hub Guide. The Hub Guide provides guidance on how your community can organise and support one another during an emergency. Use the Hub Guide and your Community Response Plan together to organise your community response. You will find

the Hub Guide in the Hub kit along with Hub role lanyards, stationery, a map, an AM/FM radio, and a VHF radio.

Responding as a community

Your community has all the skills, resources, local knowledge and relationships to support one another during an emergency. You can utilise these by working together at your local Community Emergency Hub. Use this document as a starting point for solutions to community needs and your response as a community.

If you are opening a Hub it might pay to think about bringing some basics, such as:

- | | |
|------------------|----------------------|
| > First aid kits | > Tea, coffee, milk |
| > Blankets | > Food |
| > Torches | > Toilet paper |
| > Batteries | > Buckets |
| > Radio | > Rubbish bags |
| > Water | > BBQ/camping cooker |

Your Local Council

During a major emergency, your local council will coordinate the response from their Emergency Operations Centre. An Emergency Assistance Centre may also be set up to provide access to government and council support services.

Local resources

Your community has identified the following local resources that could be useful for various purposes during an emergency.

Ensure you have permission from the facility or resource owner before using.

Places and spaces

- > Coastlands Shopping town
- > Kaitawa Reserve
- > Kapiti Airport
- > Kapiti Golf Club
- > Local Churches
- > Local hotels/motels
- > Local Primary Schools
- > Mazengarb Reserve
- > Paraparaumu Athletics clubrooms & fields

- > Paraparaumu Beach Golf Course
- > Paraparaumu College
- > Paraparaumu Community Centre
- > Paraparaumu Memorial Hall
- > Paraparaumu Public Library
- > Paraparaumu Ruby Club
- > Paraparaumu Senior Citizens Hall
- > Salvation Army base
- > Te Atiawa Park

Groups and networks of people

- > Arise Church
- > Connect Church
- > Kapiti Impact Church
- > Kapiti Lions Club
- > Kapiti Rotary Club
- > Greypower
- > Gym clubs
- > Kapiti Squash Club
- > Kapiti Tennis Club
- > Local primary school parent associations
- > Neighbourhood Support
- > Our Lady of Kapiti Parish
- > Paraparaumu Baptist Church
- > Paraparaumu Beach Baptist Church
- > Paraparaumu Community Patrol

- > Paraparaumu Neighbourhood Support
- > Paraparaumu Rugby Club
- > Probus
- > Probus Club
- > St Paul Church (Community Emergency Hub)
- > The Centre Church

Services in the Community

- > BP, Mobil, Caltex, Z & supermarket service stations
- > Coastal Medical Rooms
- > Community Board
- > Dental Services
- > Four Squares in Kena Kena, Paraparaumu Beach & Kapiti Road
- > Ihakara Pharmacy
- > Kapiti Health Centre
- > Kapiti Mitre 10
- > Kapiti Placemakers
- > Life Pharmacy, Coastlands
- > Mazengarb Pharmacy
- > Metlifecare Retirement Village
- > New World, Countdown & Pak 'n' Save Supermarkets
- > Paraparaumu Beach Pharmacy
- > Paraparaumu Fire Station
- > Paraparaumu Library
- > Paraparaumu Medical Centre
- > Summerset Retirement Village

- > Team Medical
- > Unichem Pharmacy
- > Vet Services
- > Wellington Free Ambulance

Infrastructure

- >
- >
- >

Local vulnerabilities

Your community has identified the following potential vulnerabilities. These may need further attention or assistance.

Places and spaces

- > Liquefaction/ponding & sewage in public areas
- > Large number of homes in tsunami zone

Groups and networks of people

- > Displaced commuters stuck in Paraparaumu
- > Lost access and potential isolation of community from outside help
- > Parents working outside the community could struggle to get home to their children

Services in the community

- > Lack of access to regional hospitals
- > Limited community food stocks, supermarkets with just in time delivery system
- > Limited morgue facilities

Infrastructure

- > Large number of elderly and potentially vulnerable people
- > Large number of local residents work outside of the community, particularly in the south
- > Large number of people in the community reliant on medication
- > Limited east/west running roads – choke points along Te Moana Road
- > Liquefaction risks in beach areas could impede access on local roads/rail
- > Local fuel stations have no back up power supply
- > Loss of lifelines – gas, power, water
- > Loss of sewage network
- > Ponding and river/stream flooding

Checking on people and damage

Everyone in the community is checked on after an emergency – whether it's for rescue and medical assistance, or just basic support and information.

- > Contact everyone in the community as soon as possible.
- > Record and report information on people and damage back to the Hub.
- > Regularly check everyone in the days following the event as people's circumstances may change.

How can you make sure that everywhere has been checked?

- Start with known affected areas or groups that might need extra assistance.
- Draw upon any local lists and knowledge.
- Coordinate a street-by-street, house-by-house check. Use the area maps in the hub.
- Record any information on the impact to the community. For example, status of roads, building damage, and peoples unresolved needs.

Report the information back to the Information Coordination person at the Hub.

Staying in contact with people as outlined in task one should be done frequently, as peoples circumstances can change after an event.

If you can't give someone immediate assistance, collect information about their needs and bring that back to the Hub. See if you can find an answer to their needs with the resources available in your community.

What groups could be available to walk around the community to check on people and look for damage?

- > Church groups
- > Community Patrol
- > Greypower
- > Lions
- > Neighbourhood Support
- > Rotary
- > Sports Clubs

Where should we check first?

1. Self – 2. Home – 3. Neighbours – 4. Street – 5. Then at the hub
check on these priority groups

- > Day Care Centres
- > Elderly living alone
- > Kindys
- > Retirement homes
- > Schools

How would we coordinate this?

1. Assess – commission teams to assess in priority order to needs and resources available and then broker people's needs with available resources.
 2. Scope – define needs and resources
 3. Prioritise – needs with resources
 4. Meet – needs with resources
 5. Review – that needs are being met
 6. The Hub can set up street maps and coordinate searches, or checks by door knocks
- > Check vulnerable streets first or streets most badly affected
 - > Communicate using text messaging
 - > Keep an audit trail of paperwork at the Hub so we know when and where locations were checked
 - > Promote checking on neighbours through social media
 - > Send teams from Hub to check on vulnerable areas, record on Hub Map

Medical Assistance

Community members who need medical assistance are directed to medical assistance.

- > Identify and coordinate community resources that can be used to assist and treat the injured.
- > Identify and check on people with day-to-day medical needs.
- > Direct the community to medical providers that are known to be open.
- > Identify and coordinate people in the community with medical skills who can help.

In all life-threatening situations, attempt to contact the emergency services by calling 111.

Injured and sick people should go to the nearest open medical centre first.

People with first aid skills should go to their nearest open medical centre or go to the Hub.

Check on your neighbours and people who may need extra help.

Look after your hygiene – wear gloves when touching body fluids.

Find out if the local medical providers are open and operational so that you can let the community know where to go.

Coordinate transportation for those who are in need and cannot get to the medical centre.

Where are the nearest medical providers?

- > Coastal Medical Rooms
- > Kapiti Health Centre
- > Paraparaumu Medical Centre
- > Team Medical

Where else could we provide medical assistance if the above facilities are not available?

- > Ihakara Pharmacy
- > Kapiti Police Station
- > Care Vets Kapiti
- > Life Pharmacy, Coastlands
- > Mazengarb Pharmacy
- > Paraparaumu Beach Pharmacy
- > Paraparaumu Veterinary Centre
- > Unichem Pharmacy
- > Wellington Free Ambulance Depot

Who can help provide medical assistance?

- > Community first aiders
- > Doctors & nurses who live locally
- > Nurses at local retirement homes
- > Paraparaumu Fire Service

How do we get people to medical assistance or medical assistance to people?

- > Buses
- > Four-wheel drive vehicles
- > Horses
- > Quad Bikes
- > Trailers

- > Wheelbarrow

Where can we get extra supplies?

- > Businesses
- > Chemist
- > Home first aid kits
- > Schools
- > Sports Clubs
- > Supermarkets

Where are there Defibrillators?

- >

Shelter

Ensure everyone in our community has somewhere safe and comfortable to stay.

- > Find places where people can shelter from the weather if they can't stay at home.
- > Find comfortable places where people can rest and sleep.

Small repairs may make homes safe enough to stay in.

If people need to leave their homes, encourage them to take as much bedding as possible.

Encourage people to stay with friends and family if possible. Ask neighbours or others in their street if they have a spare room.

People in the community may have spare beds, air mattresses, and couches available to offer people without a place to stay.

Check gas and electricity supplies are safe to use. Turn gas off at the meter/main if unsure. Turn electricity off at mains/switchboard and water at the toby on the footpath. Leaks including water, should be investigated.

Many people will be able to stay in their own homes, and this is ideal as people are much more comfortable in a home environment. Are there simple repairs that could be done to make a home safe enough for people to stay there.

You may have visitors to your community who don't live locally – commuters, shoppers, employees etc. These are the people most likely to need accommodation in your community.

Encourage people to make their spare beds and guest rooms available.

Don't wait for the perfect solution, shelter from the weather is a priority over comfort. Bad weather means the need for shelter is much more urgent than on a warm, sunny day.

Tell the Emergency Operations Centre (through the Communication desk) the number of people who need accommodation.

Who could help make people's homes safe, weatherproof, and comfortable?

Where could we get bedding and clothing supplies to keep people warm and comfortable?

- >
- >
- >
- >
- >
- >

What open spaces could accommodate temporary shelter?

- > Coastland carpark
- > Kaitawa Reserve
- > Kapiti Golf Club
- > Kapiti Golf Club

- > Kena Kena Park
- > Mazengarb Reserve
- > Otaihanga Reserve
- > Otaraua Park
- > Palm Grove Christian Holiday Park
- > Paraparaumu Domain
- > Paraparaumu Golf Club
- > Paraparaumu Golf Club
- > Rural land around Otaihanga
- > Rural land on Valley Road
- > School sports fields
- > Southwards Car Museum
- > Te Atiawa Park
- > Vacant town centre land off Rimu Road

What facilities could be used for temporary shelter if people can't stay at homes or with friends?

- > Kena Kena Park Clubrooms
- > Lindale campground
- > Local Churches
- > Local hotels/motels
- > Mazengarb Park gym hall and hockey turf facility
- > Palm Grove Christian Holiday Park
- > Paraparaumu Athletics Clubrooms
- > Paraparaumu Beach Kapiti Holiday Resort
- > Paraparaumu College

- > Paraparaumu Community Centre
- > Paraparaumu Domain Rugby Clubrooms
- > Paraparaumu Holiday Accommodation Parks Assoc of New Zealand
- > Paraparaumu Memorial Hall
- > Primary Schools
- > Scouts halls
- > Senior Citizens Hall
- > Southwards Car Museum
- > Te Atiawa Marae
- > Te Atiawa Park Club Rooms

Water

Our community has access to clean water for drinking and water for cooking and hygiene purposes.

- > Ensure everyone knows how to treat drinking water.
- > Coordinate community water sources for drinking, cooking and hygiene.
- > Arrange a place in the community where water can be distributed if needed.

Water reservoirs are all around the region but automatically seal if lines are damaged. Technicians must manually attend to the valves. This will take time so look for other sources of water within the community right away.

Some schools and community centres have large water tanks installed. If there is one in your community check to see what their plan is for using the water.

Local streams and open bodies of water are not reliable sources of clean water. Chemical pollution and heavy metal contamination is not removed by boiling water or adding bleach.

Treat any non-bottled water. Boil it if you can, if not use bleach to treat.

BEST CHOICE: BOIL. Boiling water will kill most types of disease-causing organisms. If water is cloudy, filter it through a clean cloth. Boil water for one minute, let it cool, and store it in clean containers with covers.

IF YOU CAN'T BOIL: ADD BLEACH. Bleach will kill some (not all) types of disease-causing organisms. Just like boiling, filter cloudy water through a clean cloth first. Use only regular, unscented, liquid household bleach. Add two drops of bleach per litre of water. Stir well, let stand for 30 minutes before using, then store in clean containers with covers.

Where can we find drinking water?

- > Council & private bores
- > Council reservoir Tank on top of the Paraparaumu escarpment
- > Paraparaumu Pool
- > Private Rainwater Tanks
- > St Peters Church Emergency Water Tank (5000 litres)

How do we get water to people who are unable to leave their homes?

- > Carry in bottles, containers, buckets
- > Cars, bikes, scooters, motorbikes
- > Use volunteers
- > Wheelbarrows, buggies, strollers, wheelie bin

Where can we find water for washing and cleaning?

- > Paraparaumu Pool
- > Rural Fire Water Tanks in Nikau Valley
- > Stormwater ponds in new subdivisions & along the expressway
- > Waikanae River
- > Wharemauku Stream

What water supplies should be avoided or need treatment before drinking?

- > Boil or treat water from rainwater tanks if possible – half a teaspoon of bleach for every 10 litres
- > Grey water
- > Pool water
- > Rivers & Streams
- > Sea water is not safe to drink
- > Springs and waterfalls
- > Stagnant water
- > Stream water

What places would be good distribution points?

- > Coastlands Shopping town carpark
- > Kaitawa Reserve
- > Kapiti Airport
- > Mazengarb Reserve
- > Paraparaumu College

Food

People in our community have enough food to sustain them.

- > Organise a way to feed large groups of people who are displaced or do not have food of their own.
- > Coordinate food supplies in the community.

Assist with the coordination of food supplies in the community where necessary.

Encourage people to share food with those who don't have access to it.

Tell people to use foods in the refrigerator first, then those in the freezer, and finally dried goods from the pantry.

Pool community resources to feed everyone

- Street BBQs
- Have places where excess food can be coordinated from

What food suppliers and providers are there?

- > Bakeries
- > Cafes
- > Coastlands food court
- > Countdown Paraparaumu
- > Dairies
- > Kapiti Road Four Square
- > Kena Kena Beach Four Square
- > New World Paraparaumu
- > Pak n Save
- > Paraparaumu Beach Four Square
- > Restaurants
- > Salvation Army
- > Service Stations

Where else could we find food?

- > Community gardens & orchards
- > Fish from the sea
- > Local farmers – Valley Road, Maungakotukutuku Valley
- > Locals with extra food in their cupboards
- > Private & public fruit trees

How could we organise to feed large groups of people?

- > Coastlands food court
- > Hangi
- > Local Churches
- > Memorial Hall Kitchen facilities
- > Paraparaumu Rugby Clubrooms Kitchen facilities
- > Remind people to use perishable food first
- > Rest home commercial kitchens
- > Salvation Army resources
- > School & college kitchen facilities
- > Set up a volunteer cooking/preparation site – use private BBQ's
- > Use chefs from local restaurants

Where can we get cooking and catering supplies?

- > Churches, schools and clubrooms
- > Hire Centre
- > Household equipment – BBQ and camping equipment
- > Restaurants & cafes

How do we get food to people who are unable to leave their homes?

- > Carry in containers, boxes, buckets
- > Cars, bikes, motorbikes
- > Organize teams to distribute
- > Volunteers
- > Wheelbarrows, buggies, strollers, wheelie bins

Animal Welfare

Animals in our community have access to medical assistance, shelter, water, and food.

- > Identify and coordinate locations and people for medical assistance for animals
- > Identify locations for animal shelter
- > Identify potential sources of food and water
- > Keep a record of lost and found pets

What animal services are in the area? (e.g., veterinary clinics, animal control, shelters, stock agents, stock truck companies)

What facilities could be used for temporary shelter for animals?

Where could we find drinking water for animals?

Where could we find food for animals? (companion animals & production animals)
